THE TRIALMASTER

Cut from 6oz British Millerrain waxed cotton and featuring both a slanted map pocket and an ergonomic pivot shoulder for improved movement, the Trialmaster was created in 1948 at the request of professional Trials biker and Irishman, Sammy Miller. It remains a covetable classic to this day.

THE FIELDMASTER

Designed for life in the outdoors, the Trialmaster's younger brother has a roomier fit, cropped body and more modern, functional styling - perfect for a day's driving.

EDITIONS

GRENADIER*

A blank canvas for you to configure to your exact needs. A tough, rugged, purposefully engineered 4X4 built for the world.

* Utility Wagon (5 seat) shown, Utility Wagon (2 seat) also available. LHD vehicle shown. Computer-generated imagery. Quartermaster editions available.

GRENADIER TRIALMASTER

For the most extreme off-road conditions, the Grenadier Trialmaster Edition ensures there are no limits to your adventures.

GRENADIER FIELDMASTER

For exploration and escapism without a fixed destination. The Grenadier Fieldmaster Edition gives you the option of anywhere.

GRENADIER STATION WAGON

Everything you need, nothing you don't. Highly capable and adaptable, so you can tailor it to your needs.

LHD Utility Wagon (5 seat) shown, Utility Wagon (2 seat) also available. Vehicle shown in Magic Mushroom. Computer-generated image.

GRENADIER QUARTERMASTER

*90% Fuel and all liquids (no driver). ^TIncludes Trialmaster Edition specific options. ^FIncludes Fieldmaster Edition specific options.

**With Full Length Roof Rack (Roof Rack weight not included). Maximum 100kg Static Load without Roof Rack or Cross-bars

Do not load vehicle beyond its intended capacities, note loading equipment on the roof may change the vehicles handling characteristics.

Before towing consult the Owner's Manual or your closest Retail Partner for more detail.

FINANCE

Our Retail Partners throughout the UK are there if you need expert advice, a test drive or prefer purchasing in person. We chose to work with them because they really 'get' off-road vehicles. All trained and supported by our own technical teams and INEOS Automotive HQ. You can find your nearest partner with our [online map](#).

Throughout the UK, you'll also find 'Ambassador' partners. These could be country estates or 4X4 rental companies. This makes it even easier for you to try the Grenadier and get advice. Ready to buy?

PERSONAL

- Purchase plan
- Purchase plan with a balloon
- Personal contract purchase (PCP) - Personal contract hire
- Personal contract hire

Get customising through our [online configurator](#), where you'll find all the options and accessories. On completing your specification, a £2,500* deposit will reserve your build slot. And you'll be able to explore finance and part exchange offers to pay the balance.

If you have a vehicle you'd like to sell, use our part exchange calculator to see what it's worth. Add this to your deposit in our finance calculator and you can see what your monthly payments might look like. We offer both personal and business purchase plans:

BUSINESS

- Contract hire
- Lease purchase
- Lease purchase with a balloon

*The sum remains fully refundable until closer to your production date when you sign your contract.

For more information, visit our [how to buy webpage](#).

SERVICING | WARRANTY | PARTS

Regular 12-month servicing will be provided by our Retail Partners and by specially selected Bosch car service outlets. Our aim is to have most customers within 50km of an accredited workshop, servicing and repairs.

We know you might want to do some work yourself though, so we've made the vehicle as easy to work on inside and out as possible. From the Owner's Handbook to online manuals, servicing and maintenance is straightforward. Further technical support is also available from INEOS HQ.

Durability and reliability are vital components of the Grenadier. We're confident in its expert engineering and we've proven the vehicle's true capability and quality over 1.1 million miles of tough testing. Backed up by our comprehensive warranty package.

OVERVIEW

Manufacturer's Warranty	5 Years - Unlimited Mileage
Paint	3 Years
Whole Vehicle Anti-perforation	12 Years
Accessories	3 Years

Customers that depend on their Grenadier can't afford costly downtime. So we're aiming for 24-hour parts delivery thanks to a central, European logistics centre, regional hubs and logistics partners.

We've thought too about how to help you keep you and your Grenadier going no matter what. So wherever you operate, you can depend on our **remote part delivery, off-grid technicians, and online INEOS HQ support.**

JOIN OUR SQUADRON

Forging a new path doesn't mean travelling alone. Join our Squadron, our insider community of drivers, and get early access to new products and curated experiences. Secure exclusive access to Grenadier off-road events. Get new merchandise, accessories and upgrades before they become available. And go behind the scenes of this purpose built 4X4.

THE RIGHT PRODUCTION SITE

From the off, we've understood what you need from your Grenadier. A rugged, capable off-roader designed to tackle the toughest of tasks. A 4X4 assembled by experts with the uncompromising build quality and engineering excellence you expect. And a vehicle built to last in a technically advanced facility. We invested an extra €50m in a new paintshop, fully automated bodyshop, and quality centre at our

state-of-the-art factory in Hambach, France. Now we have 210,000 sqm housing 1,000 highly experienced workers with an excellent reputation for quality. And 20,000 hours of Grenadier-specific training under their belts. First they produced production prototypes, now they're on the line making Grenadiers for you.

“ IN HAMBACH WE’VE ACQUIRED THE IDEAL FACILITY, WITH ALL THE EXPERTISE AND ENGINEERING EXCELLENCE WE NEED TO PRODUCE THE QUALITY VEHICLES WE’VE SET OUT TO BUILD. ”

LYNN CALDER
CEO, INEOS AUTOMOTIVE

DRIVER ASSISTANCE

DRIVER SYSTEMS

INTELLIGENT SPEED ASSISTANCE

Assists drivers in adhering to the speed limit. The vehicle takes speed information from maps and traffic signs, notifying the driver when they are above the prescribed speed limit.

LANE DEPARTURE WARNING

Alerts the driver when they are too close to lane markings without using their turn signals, sending an audio-visual alert to the driver.

ADVANCED EMERGENCY BRAKING (AEB)

AEB monitors the vehicle's surroundings and will automatically intervene and brake the vehicle without the driver's influence if it detects the likelihood of a collision.*

DRIVER DROWSINESS DETECTION

Monitors driver fatigue and determines if the driver is drowsy, an audio-visual alert recommends taking a break.

Performance of ADAS may be reduced due to weather, obstructions and/or damage interfering with sensors and cameras. It is intended as driver support only and the driver is responsible for full control of the vehicle in all situations.
 *System does not react to scooters, cyclists, pedestrians, and animals.
 Upon reaching Model Year 24, all Grenadier products (dependent on market) will have driver assistance systems as standard.

INEOS | GRENADIER

Written and visual depictions (including photographs, CGI and colours) of the vehicle within this brochure may vary from production models and are subject to change without notice. INEOS reserves the right to make updates to the product offering including specifications, options and accessories. As such, the quoted prices and specifications in the (Price List/Brochure/Website/Configurator) are indicative and may not reflect current offering and availability. Pricing and details provided do not constitute an offer for the sale of any particular vehicle at any particular price or specification. Optional features, accessories and their availability may differ by vehicle (bodystyle and powertrain) and country or require the installation of other features in order to be fitted. Note that some standard features may be replaced when specifying a vehicle or selecting trim levels. Please contact your local Retail Partner for more details or configure your vehicle online. Warranty periods offered by INEOS on certain features may be limited and differ in duration. Please refer to the INEOS Automotive Manufacturers Warranty Terms and Conditions for details of variations and exceptions. All models have been tested in accordance with the World Harmonised Light Vehicle Test Procedure (WLTP) and as such all mpg and CO2 figures quoted are full WLTP figures. Figures are shown as a range under WLTP testing measures. WLTP figures may be adjusted according to the final specification of your vehicle. The CO2 emission (Diesel – 276-319g/km, Petrol – 325-336g/km) and fuel consumption (Diesel – 23.1-26.9mpg, Petrol – 18.9-19.6mpg) figures quoted by INEOS are Combined Cycle estimates. Where a range is quoted, the low figure is from a base vehicle, high from fully optioned vehicle with off-road tyres. Passenger (M1) vehicles are tested with 15% of payload. Commercial (N1) vehicles are tested with 28% of payload (Bodystyle and powertrain availability may vary by market). These figures may not reflect real world driving conditions, which will depend upon a number of factors including variations in weather, driving styles, vehicle load and accessories fitted (post-registration). Final CO2 emissions figures and resulting associated pricing will be confirmed by INEOS Automotive or your selected Retail Partner prior to order confirmation. Tests will be performed in accordance with legislation in force at the time of type approval. Additional options offered for the vehicle may affect performance, emissions, exterior dimensions and off-/on-road geometry. Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities. Off-road driving and use of related equipment (including options and accessories) requires advanced training and experience. Improper use of the vehicle or other equipment may be unsafe and could result in property damage and/or injury to users and/or other parties. It is the user's responsibility to check the vehicle, equipment, route and conditions ahead before proceeding. Consult the Owner's Manual, applicable accessories manual/instructions or your closest Retail Partner for more detail. The Utility Belt option has restricted usage on-road, dependant on local laws. Only use in-car features when safe to do so. Driving while distracted can result in loss of vehicle control, damage to property, injury or death. Always obey local laws and speed limits. Prototype vehicle images included throughout. Some features may not be representative of final vehicle specifications.
